INTRODUCTION

We are the solution to all your bearing needs

Bearing Traders (I) Pvt Ltd is a vibrant and pioneering business house that offers quality bearing solutions of international standards. Driven by an extraordinary workforce, our superior customer support and experience in the field helps us meet all the requirements of our customers.

Our Motto

Committed To Provide The Best For Our Customers

Our journey began in 1985 when Shri Mahendra Kumar Jain (founder) started out with a small office at Hauz Kazi, Delhi in 1985. The company has grown and become a key player in bearing industry supplier group. BT attributes a major part of its success to its visionary founder 'Mr. M.K. Jain'. His vision and unique abilities were instrumental in crafting BT's success story and still inspires us to set new benchmarks.

Our mission is to redefine the paradigm of excellence and quality. BT established offices in 4 major cities of India with the enhancement and reinforcement over 2 generations. Definitive towards highest quality standards, today the organization has grown to become a key player in the distribution of bearings.
